Table of Contents

How to Use This Document

This document is the complete UI/UX design reference for the Care & Move Platform (Phase 1). Every screen across all 8 user roles is specified with a copy-paste Stitch prompt.

Execution Order

1. Apply Global Design System tokens in your Stitch project first (Section 1).
2. Design A1 (Global Header/Footer) — referenced on all public screens.
3. Design E0, F0, G0 (Admin Layout Systems per role) — referenced on all portal screens.
4. Follow section order: A → B → C → D → E → F → G → H → I → J → K → L.
5. Use the Screen Inventory (Section 12) as a checklist — mark each Stitch-generated / Approved.

Screen ID System

- A-C = Public Website | D = Auth | E = Super Admin | F = Care Admin
- G = Transport Admin | H = Care Tracker | I = Patient Portal | J = Partner Portal
- K = Finance & Content Admin | L = Utility & System Screens

RULE: Every screen has one copy-paste Stitch prompt (blue block). The Global Design System (Section 1) applies to ALL screens universally. Never skip it.

Screen ID	L5
URL / Route	Admin portal — first visit
Role Access	All Admin Roles
Phase	Phase 1A
Section	Section L — Utility

Purpose: First-time guided tour overlay highlighting key UI elements for new admin users.

▸ STITCH PROMPT — PASTE DIRECTLY INTO STITCH AI

```
Design the Onboarding Help Tour overlay for first-time admin users.

OVERLAY: Step-by-step spotlight tour that highlights specific UI elements.

SPOTLIGHT: darkened backdrop with highlighted element visible (border + glow effect).

TOOLTIP CARD (white, 12px radius, shadow, 280px): attached near highlighted element with arrow
pointer.
  Step X of Y indicator (top right)
  Title: "This is your Dashboard" Outfit Bold 18px
  Description: "Get a quick overview of all Care and Transport activity here." Outfit 14px #6B7280
  [← Back] ghost | [Next →] #1E90FF | [Skip Tour] muted link

STEPS:
  1. Sidebar navigation | 2. Dashboard KPI cards | 3. Activity feed | 4. Quick Actions | 5. Top
notification bell | 6. Profile + logout

FINAL STEP: "You're ready!" + confetti animation + [Got it, let me explore!] #1E90FF.
```

L6 — Empty States Library

Screen ID	L6
URL / Route	Various screens
Role Access	All Roles
Phase	Phase 1A
Section	Section L — Utility

Purpose: Reference sheet for all empty state designs used across the platform.

▸ STITCH PROMPT — PASTE DIRECTLY INTO STITCH AI

```
Design the Empty States reference library for "Care & Move".

Layout: grid of empty state illustrations for each major scenario.

Each empty state (centered in its component area, 200-280px height):
  SVG illustration (custom, on-brand colors) + Heading Outfit Bold 20px + Body 14px #6B7280 + CTA
button.

STATES:
1. No Enquiries (inbox icon): "No enquiries yet" + "New patient enquiries will appear here." + [View
Website] ghost.
2. No Active Patients (person icon): "No active patients" + [+ Admit First Patient] #1E90FF.
3. No Bookings (calendar icon): "No bookings yet" + "Booking requests will appear here." + [Browse
Vehicles] orange.
4. No Vehicles (truck icon): "No vehicles registered" + [Register First Partner] #FF6B35.
5. No Visits Logged (clipboard icon): "No visits logged yet" + [Log a Visit] #1E90FF.
6. No Notifications (bell icon): "You're all caught up!" + "No new notifications."
7. No Search Results (magnifier icon): "No results found for '[query]'" + "Try a different search
term."
8. No Blog Posts (file icon): "No posts published" + [Write First Post] teal.
```

L7 — Toast Notification System

Screen ID	L7
URL / Route	All screens
Role Access	All Roles
Phase	Phase 1A
Section	Section L — Utility

Purpose: Reference for all toast notification variants used across admin and portal screens.

▸ STITCH PROMPT — PASTE DIRECTLY INTO STITCH AI

```
Design the Toast Notification System reference for "Care & Move".

POSITION: Fixed top-right of screen, z-index 999. Stack multiple toasts (newest on top).
Auto-dismiss 3s with progress bar.

TOAST SIZE: max-width 360px, 8px radius, shadow-modal, padding 14px 16px.

TOAST VARIANTS (show all in a reference grid):

SUCCESS (green #10B981 left border 4px, light green bg):
  ✓ icon circle (green) + "Patient enquiry status updated." bold + [Undo] link + [×] dismiss.

ERROR (#EF4444 left border, light red bg):
  ✗ icon + "Failed to send email. Please try again." + [Retry] link + [×].

WARNING (#F59E0B left border, light amber bg):
  ⚠ icon + "You have 3 overdue billing records." + [View Now] link + [×].

INFO (#1E90FF left border, light blue bg):
  i icon + "Care tracker Ananya has been assigned to Rajesh Kumar." + [×].

PROGRESS BAR: thin bar at bottom of toast, shrinks over 3s, same color as border.

ANIMATION: slide-in from right on appear, slide-out to right on dismiss.
```

L8 — Loading & Skeleton States

Screen ID	L8
URL / Route	All screens
Role Access	All Roles

Phase	Phase 1A
Section	Section L — Utility

Purpose: Reference for skeleton loading states across all main screen types.

▸ **STITCH PROMPT — PASTE DIRECTLY INTO STITCH AI**

```
Design the Skeleton Loading States reference for "Care & Move".

Show shimmer skeleton versions of 4 main screen types:

1. TABLE SKELETON (admin panel):
  Filter bar: grey pill placeholders | Table rows: alternating grey bars (name column wide, other
columns medium). Animated gradient shimmer sweeping left-to-right.

2. DASHBOARD SKELETON:
  4 KPI card skeletons (grey rectangle, number area, trend area) | 2 chart skeletons (grey rectangle
placeholders) | Activity list skeletons.

3. PROFILE / DETAIL SKELETON:
  Header: circle 64px (avatar) + 2 grey lines (name + label) | Tabs row skeleton | Content rows.

4. PUBLIC WEBSITE CARD SKELETON:
  Pricing card: rectangle top (price area) + 4 feature lines + button rectangle.

SHIMMER ANIMATION: CSS gradient sweep animation — white/light grey wave moving left to right, 1.5s
loop.

ALL SKELETONS: border-radius matches real content (8px cards, circle avatars, pill shapes for
badges).
```
